PROFESSIONAL SUMMARY

UI/UX Designer with 4+ years of experience designing user-centered web and mobile experiences, SaaS dashboards and responsive websites for B2B, industrial, healthcare, retail and e-commerce clients. Skilled across the full design process: user research, information architecture, wireframing, high-fidelity prototyping in Figma and Adobe XD, usability testing and scalable design systems. Works closely with developers for pixel-perfect, accessible handoff, and delivers end-to-end design-to-development using AI coding agents (Claude AI, Antigravity).

WORK EXPERIENCE

UI/UX Designer, Samyak Infotech Pvt. Ltd., Ahmedabad

January 2022 – Present

- Design user-centric web and mobile interfaces across the product development lifecycle, from wireframes and navigation structures to high-fidelity, click-through prototypes in Figma.
- Build and maintain design systems, component libraries and interaction guidelines that keep UI consistent across B2B and industrial client projects.
- Run usability audits and apply user research findings to refine user flows and information architecture, documented in flow diagrams.
- Lead client communication: gather requirements, run design reviews and present UX decisions to stakeholders.
- Partner with front-end developers on design handoff for pixel-accurate, accessible implementation.
- Manage multiple client projects at once and deliver every one on deadline.
- Produce brand and marketing collateral: social media creatives, brochures, expo standees, wall banners, pitch decks and infographics.

PROJECTS

- **TeamSync:** Remote work SaaS dashboard. UX research, information architecture, UI design.
- **EV Rental:** Mobile app UI/UX. Booking flow, wireframes, interactive prototype.
- **Projexel Engineering:** Corporate website. UX, responsive UI design, WordPress development.
- **Shiv Shakti Water Equipment:** Industrial product website. Responsive design and development.
- **EcoTherm Cooling Solutions:** Company brochure. Layout and print design.
- **Ocean Breeze Resin:** Product packaging design and brand visuals.

CERTIFICATIONS

- Foundations of User Experience (UX) Design, Google (Coursera)
- Foundations of Digital Marketing and E-commerce, Google (Coursera)

SKILLS

UX Research: User research, usability testing, heuristic evaluation, usability audits, user flows, task analysis

UX Design: Information architecture, interaction design, navigation design, wireframing, storyboarding, user-centered design

UI Design: High-fidelity mockups, visual design, typography, responsive web design, mobile app design (iOS/Android), SaaS dashboards

Prototyping: Interactive prototypes, micro-interactions, Lottie animation

Design Systems: Component libraries, style guides, UI patterns, design tokens, Figma Auto Layout and variants

Delivery: Developer handoff, HTML, CSS, accessibility, pixel-perfect QA

Collaboration: Stakeholder management, requirement gathering, design presentations, Agile teams

TOOLS

Figma, FigJam, Adobe XD, Wireframe.cc, Adobe Photoshop, Adobe Illustrator, Adobe Lightroom, Adobe Express, CorelDRAW, Canva, WordPress, LottieFiles, Claude AI, Antigravity

EDUCATION

Bachelor of Engineering in Computer Engineering
Sankalchand Patel College of
